

ClientEarth

Quentin Marchais

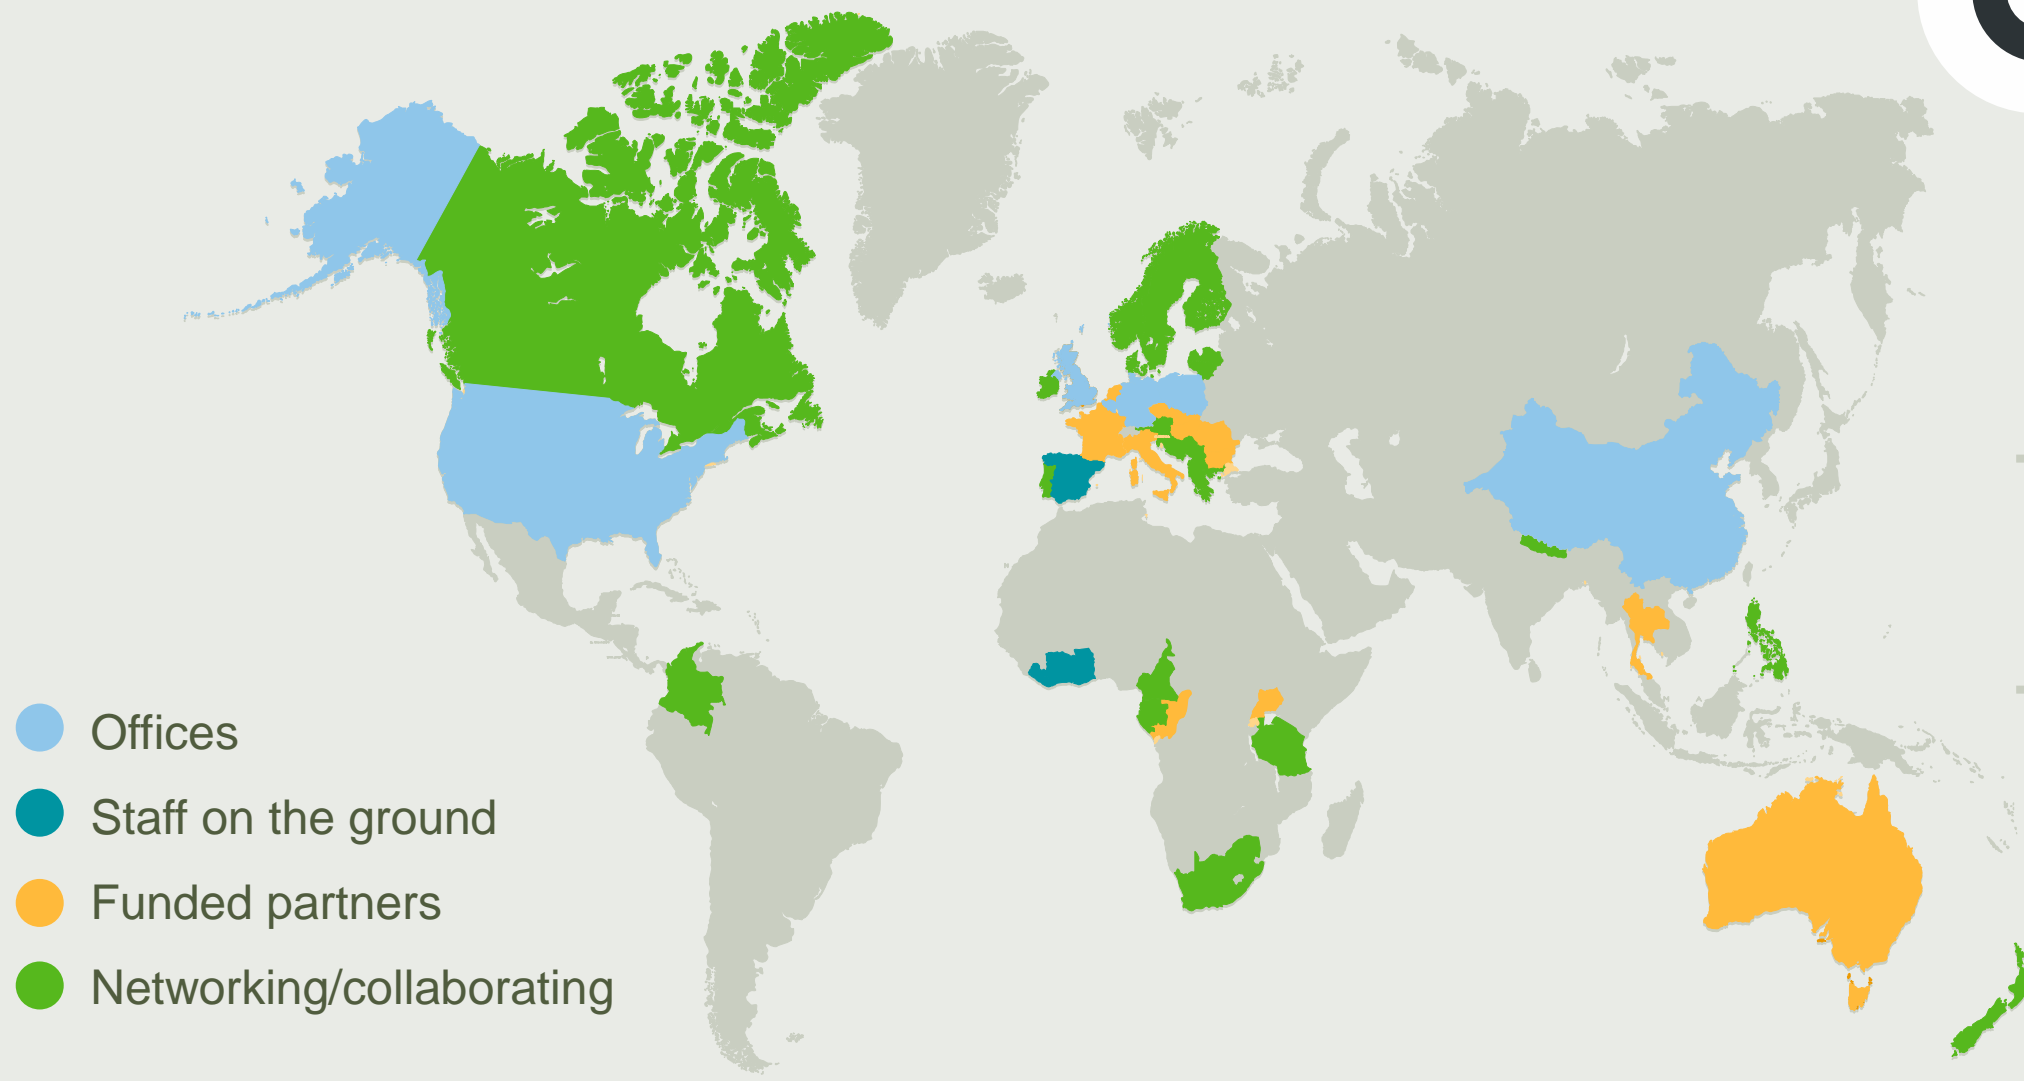

Sustainable Seafood team Lead

3rd July 2020 – MAC EXCOM Meeting

Where we work

- Offices
- Staff on the ground
- Funded partners
- Networking/collaborating

150+
staff 

50+
countries 

Our main topics

- Air pollution
- Coal
- Infrastructure
- Logging, chemicals and fishing
- Green investment
- Climate risk

Protecting oceans

- We defend underwater ecosystems
- We fight for sustainable fishing
- We help businesses do better

Seafood team: using the law and market levers

- Implementation of CMO and IUU Regulation
- Sustainable Seafood Coalition (UK) and *Plataforma por la Sostenibilidad Pesquera* (Spain)
- We help businesses do better where the law doesn't go far enough

Why the MAC?

- Direct relevance to our work
- Approach: Vetting implementation and working to find consensus towards seafood sustainability
- Some initial thoughts

Thank you

Quentin Marchais
