PROCEDURE FOR THE SELECTION OF THE MAC SECRETARIAT

1. Introduction

The MAC was established in 2016 with the core objective to contribute to the development of the EU Market of fishery and aquaculture products. This objective will be achieved by preparing and providing advice on subjects and issues related to the abovementioned topics on behalf of the whole value chain (primary producers - catching, aquaculture-, traders, exporters, importers to/from third countries, processors, wholesalers, distributors, retailers), and consumers as well as other interest groups affected by the CFP and CMO (environmental or development non-governmental organisations, consumer organisations, etc.) to the EU Institutions, particularly the European Commission.

The MAC is a membership organisation; its members representing the value supply chain: primary producers (including catching and aquaculture sectors); processors, traders, suppliers, retailers, workers and other interest groups (environmental and development non-governmental organisations and consumers).

The MAC delivers its aims through a series of consultative groups; the General Assembly, an Executive Committee, 3 Working Groups and a varying number of temporary issues based focus groups. The General Assembly appoints the Executive Committee which can have up to 25 members. The Executive Committee manages the activities and the advice provided by the MAC.

In the Executive Committee 60% of the seats are allocated to the value supply chain and 40% to the other interest groups. The work of the Executive Committee is reinforced by the Working Groups which consider particular subjects of interest to the MAC and make recommendations on possible courses of action to the Executive Committee. The Working Groups allow a wider participation of members, including any sort of experts relevant to the topic in discussion.

MAC is funded through a membership system and a contribution from the European Commission and associated member state government departments.

Further information regarding MAC and its activities can be found [here](#).

The MAC is looking to appoint a Secretariat for a period of up to 3 years (art. 26 of the Statutes). The duration of this contract would be from 1 October 2020 until 30 September 2023. The awarding of the contract will, among other things, depend on the renewal of the Specific Agreement signed with the European Commission on an operating grant. Article 26 of the MAC Statutes stipulates that:

26. Secretariat of the MAC: The Secretariat shall be appointed for an agreed term, in the first instance for three years, by the Executive Committee and shall act impartially and without bias in furthering the objectives of the MAC.

The European Commission's Financial Regulations require that any contracts in excess of €15,000 must comply with public procurement rules. As such, a tendering process has been initiated to select an organisation to act as Secretariat for the MAC. The role of the Secretariat is set out in the MAC Rules of Procedure in articles 18-26. The tasks to be fulfilled by the secretariat are detailed in annex A.

2. Procedure

1. An invitation to tender will be published online. A document called 'Tender Specifications for the Selection of a Secretariat of the MAC (see Annex A)' will be sent to all interested parties as well as an explanatory note describing the background and the procedure. Interested parties will be expected to respond to the MAC Chair by the scheduled deadline.
2. In order to tender for this position, interested parties MUST fill out the template Application form (Annex B 1) and the other forms as provided under Annex B. The form with regard to the selection criteria Annex B.2 seeks relevant information from the organisation on what experience they have gained in similar roles. Only applicants who fulfil the selection criterion will be considered for further evaluation.

Candidates must also fill the financial offer in Annex B.3.

3. An independent evaluation committee of the MAC Executive Committee Chair and Vice Chairs will assess the applications and score the positions through a written procedure (please see Annex A for scoring system). The Evaluation Committee will be expected to prepare their recommendations for approval by the Executive Committee on the 23 September.
4. The Evaluation Committee will report to the Executive Committee and inform the membership of the outcome of the scoring, the members will be made aware of the ranking of the positions.
5. The organisation which scores the highest points after this assessment shall be put forward as Secretariat of the MAC and shall be ratified by consensus by the Executive Committee.
6. If the Executive Committee cannot ratify by consensus the recommendation of the Evaluation Committee, a new procedure will be held without taking into account the results of the procurement evaluation.
