

POs WORKSHOP (January 28, 2025)

- The organization of longliners is based in A Guarda (Spain), close to natural border between Spain and Portugal.
- ORPAGU was founded in 1996 as a National PO and was recognised as a Transnational PO in 2017.
- ORPAGU represents the largest group of surface longline vessels (78 vessels: 47 Spanish and 31 Portuguese).

Challenges For Transnational POs

- No difference with respect to a National PO
- Differences between Member States
- Joint management and optimization of fishing opportunities
- National production and marketing plans
