Subject: EU autonomous tariff quotas for certain fishery products beyond 2027

Dear Secretary General,

The Commission is preparing the new set of autonomous quotas that will replace those established in Council Regulation (EU) 2023/2720 for the period beyond 2027. As part of this preparation, we are consulting representatives of the sectors that will be directly impacted.

In this context, we thank you in advance for sharing the following request with Members of your Advisory Council:

We would be grateful if you could send us any suggestion you might have for changing the current autonomous tariff quotas for fishery products (i.e., quota volume, level of duty etc.). Any request for existing or new quotas should be properly justified, including any documents necessary to substantiate them.

Please send your contribution by 30 October 2026 to mare-B3@ec.europa.eu.

Yours sincerely,

Luis MOLLEDO
Head of Unit
